Kahraman KINALI

Electrical & Electronics Engineering Student

Istanbul, Turkey | kinalik@mef.edu | linkedin.com/in/kahraman-kinali-900281324 | github.com/kahramannkinali

EDUCATION

MEF University *Expected Graduation: 2028*

B.Sc. Electrical & Electronics Engineering — Istanbul, Turkey

- Relevant coursework: Circuit Analysis, Signals & Systems, Embedded Systems
- GPA: [3.01]

SKILLS

Programming: Java.

Hardware & IoT: Arduino, IoT Sensors, Basic Circuit Design

Design & Tools: 3D Design (CAD), [SketchUp,(Currently learning AutoCAD)]

Areas of Interest: IoT, Robotics, Renewable Energy, Sustainable Technology

PROJECTS

Optifarm — AI-Powered Agricultural Assistant *2026 – Present*

| *github.com/kahramannkinali/OPTIFARM*

- We atempted a startup building an AI assistant for farmers using data analysis and AI.
- Designed a system that analyzes soil moisture and nutrient levels in diffrent parts of the countery gives advices to the farmers for optimum efficiency
- Technologies used: Html, Data Analytics

WORK EXPERIENCE

CERTIFICATIONS

- [[Renewable Power and Electricity Systems, (University of Colorado Boulder)] — [Coursera] ([2025])
- [TalentCoders Tech/Camp (Katılım Belgesi)] — [TalentCoders] ([2025])

LANGUAGES

Turkish — Native

English — [B2 Upper-Intermediate / Fluent]

German — [A1 Beginer]
